Paper 1 Applications of Common Sense

October 2023

Question Paper

30 minutes

Maximum Marks: 100

(For 2023 TALE Applicants only)

INSTRUCTIONS

- Answer **the** question to the best of your ability.
- Use any pen or pencils you have with you. Do not use any materials which can result in the destruction of the question paper.
- Write your name, centre number and candidate number in the boxes at the top of the page.
- Write your answer to each question in the space provided.
- Do not write on bar any bar codes.
- You may not use a calculator, every calculation step must be shown with the rough working.
- Use appropriate language in your answers.

INFORMATION

- The total mark for this paper is 100.
- The number of marks for each question or part question is shown in brackets ().

This document has **3** pages.

Answer **the** question.

- 1 On Instagram, you were sent a reel by user kibamxx which showed a person cosplaying Zenitsu trying to get together with a person cosplaying Nezuko. Having watched the reel, your task is to discuss all of the inconsistencies with the video. Please use the allocated space wisely and convey every point, including calculations in a very methodical and scientifically accurate convention.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
